

3M™ Scotchlite™ Reflective Material SOLAS Grade 6755

3M™ Scotchlite™ Reflective Material – SOLAS Grade 6755 is a white flexible sheeting.

It has an encapsulated lens optical design that provides high retro reflectivity over a wide range of extreme angles, and performs well in marine applications whether wet or dry.

Additional Information:-

3M™ Scotchlite™ Reflective Material SOLAS Grade 6755 consists of optical lens elements adhered to synthetic resin and encapsulated by a flexible transparent plastic that has a smooth outer surface. Both layers are durably connected and show a honeycomb pattern. The reflective system of 3M™ Scotchlite™ Reflective Material SOLAS Grade 6755 is fitted with a soft-hand, drapable Polyester fabric.

3M™ Scotchlite™ Reflective Material SOLAS Grade 6755 shows a SOLAS symbol in a repeat pattern to identify it as material designed for use in SOLAS applications according to IMO (International Maritime Organization) Res. A 658 (16) and a steering wheel for it's MED (Marine Equipment Directive) compliance.
